HOUSE RULES

NO SMOKING

All rooms are smoke-free—including vaping, marijuana, and hookahs. Please use the **designated outdoor smoking areas**. Thanks for helping keep the air fresh!

QUIET HOURS

Quiet hours are from **9 PM to 8 AM**. Please keep noise low during this time. Loud or disruptive behavior—by guests or pets—may result in being asked to leave.

NO PARTIES

We love good vibes, but no parties, please. Help us keep things peaceful, especially after quiet hours.

Clothing is optional in our **private hot mineral baths**, but please stay covered in all **common areas**. This helps us maintain a family-friendly space.

PET-FRIENDLY

We love pets! Just keep them **leashed in common areas** and **off the furniture**. Don't leave them alone in rooms or tubs if they bark or whine. Clean up after your pet and use the trash bins. Excessive noise or damage may lead to loss of your deposit or being asked to leave.

DAMAGES

If something gets damaged—by a pet, smoking, or otherwise—a **fee may be charged**. Thanks for treating the space with care!

PRESERVE ENERGY

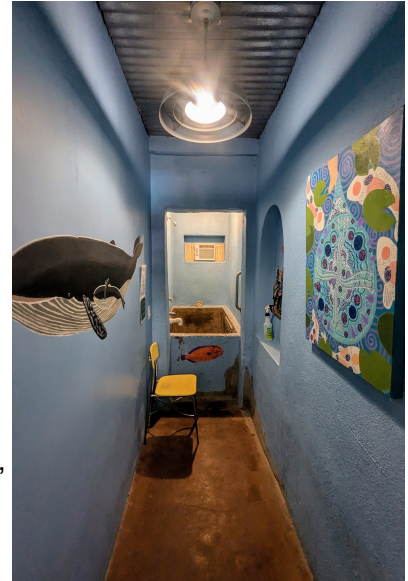

Heading out for a while? Please turn off **lights, TVs, and A/C**. Small steps like these help us stay eco-friendly.

Hot Mineral Bath FAQs & Safety Information

Welcome to our **indoor Japanese-style hot mineral baths**—a tranquil, natural experience included with your stay. We have four private steeping tubs, filled with pure, geothermally heated water from a deep underground aquifer. Whether you're staying with us or just dropping in, we're happy to host you!

General Info

- **Tubs Included for Guests:** Motel guests enjoy complimentary access.
- **Walk-Ins Welcome:** In-town visitors can soak too! Walk-in pricing is available at the front desk.
- **Tub Design:** Our concrete tubs are crafted in the traditional Japanese steeping tub style. They fill with pure, untreated mineral water via our unique, exposed plumbing system.
- **Water Temperature:** Naturally heated between **104°F–112°F**, though **temperatures may vary** depending on the season and flow rate. Since it's untreated geothermal water, some fluctuation is normal.
- **Sanitary & Odor-Free:** High chloride and low sulfur levels mean our water is naturally sanitized—no harsh smells.
- **Private Tub Rooms:** Each room has a private door, a shower, and access to both mineral and city water.

How It Works

- **Sign-In Required:** Tubs can only be filled one at a time, so all guests must sign in. We'll call you when your tub is ready.
- **While You Wait:** Please remain in the courtyard or great room so we can easily locate you.
- **Assistance Available:** If you need help with mobility, we have a step stool on hand.

Filling Your Tub

- Use the large **red-handled PVC pipe** for hot mineral water.
- Fill your tub to about **half to 75% full**—no higher, to prevent overflow.
- **Fill only once** during your session. Do not turn the hot water on and off multiple times—it may interrupt another guest's fill.
- Regular **city water** can be turned on/off freely if you'd like to cool your tub.
- **Never leave the tub unattended while filling.**
- **Unplug the drain** before leaving your tub room.

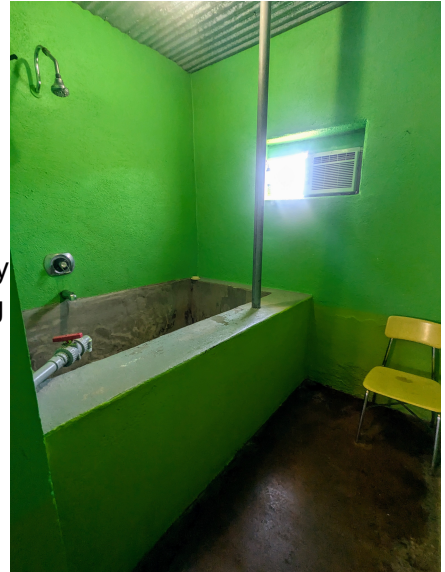

Amenities

- **Complimentary Towels & Water** are provided at sign-in.
- Spa towels **must stay in the tub area**. Please use designated towel drop baskets when finished.

- If you'd like to bring a towel back to your room, please bring your own from your room.
- Water cups should be left in the **communal sink** after use.

Pets, Children & Safety

- **Children under 18** must be supervised at all times—both in the tubs and common areas.
- **Pets** are allowed in the tub rooms (not in the water!) if they are **leashed, well-behaved, and quiet**. Excessive barking or whining may result in removal from the area.
- **No lifeguard on duty**—please soak responsibly.
- **Caution:** Decks and steps can be slippery when wet. Watch your step.
- **In Case of Emergency:**
 - During business hours: Notify the front desk.
 - If unattended, call: **575-894-0055**
 - **After hours: Dial 911**
